

Marking system in the table in page nos. 9 to 12 of EOI document is revised as below-

Revised Marking Scheme for Evaluation				
Marking as per Feedstock				
A	Name of Feed Stock	Marks to be awarded	Maximum Marks	Document required
1	Corn/Maize	20		Copy of Environmental clearance OR Industrial Entrepreneurship Memorandum OR Application approval from respective state industry department showing type of feedstock to be used. In case the document does not give the name of feedstock i.e. corn or maize / rice / combination of corn or maize & rice / damaged food grains/molasses / sugar etc., the bidder requires to submit a notarized affidavit as per Annexure B clearly mentioning the name of feedstock.
2	Corn/ Maize & Rice combination	15		
3	Rice / Sugarcane based feedstocks Note: Bidder of sugarcane based feedstocks have to supply from all 3 types of feedstocks i.e. Sugarcane Juice/ Sugar syrup / sugar, B-heavy & C-heavy molasses. Bidder has to maintain supply throughout the year with adequate storage capacity in the plant. Bidder to submit affidavit as per Annexure C	10		
4	Any other feedstock or combination there of	5		
	Maximum marks		20	
Marking as per Financial Capability				
B	Financial Capability	Marks to be awarded	Maximum Marks	Document required
1	Average annual turnover for last 3 years, or Capability to arrange Finance for establishment of plant			a. Bidders should submit audited balance sheet and Profit and Loss account Statement for last 3 years. For Turnover purpose, the credential of Parent/Group companies can also be considered. Documentary proof should be submitted to establish that the Bidder is a subsidiary or Group company. Group companies can either be Parent company, direct subsidiaries & indirect subsidiaries. OR If planning to get finance from financial institutions / banks, Loan sanction letter from any scheduled bank / financial institutions may be submitted for assessing capability to arrange finance. OR Net Worth of Promoter(s)
A	More than or equal to INR 18 Crore	10		
B	More than or equal to INR 16 crore, but less than INR 18 crore.	9		
C	More than or equal to INR 14 crore, but less than INR 16 crore.	8		
D	Less than INR 14 crore.	7		

				will be considered for financial capability. Net Worth Certificate issued after the date of this EOI by a practising Chartered Accountant to be submitted.
				b. Those project proponents who are setting up dedicated ethanol plants and possess certificate from competent government authority declaring them as STARTUPS in the field of Ethanol Production will be given full marks under financial capability.
	Maximum marks		10	
Preparedness Indicator - Marking as per Stage of Commissioning of Ethanol plants				
C	Mile stone achieved	Marks	Total	Document required
1	Environmental clearance	5		Letter of Environmental Clearance / exemption document from competent authority if the project is exempted from EC
2	Consent to Establish (CTE)	5		Certified copy of CTE from State Pollution Control Board / exemption document from competent authority if the project is exempted from CTE
3	Assured power availability from Electricity board / Captive power plant	5		Copy of sanction letter from electricity board/ Documentary proof for putting up captive power plant for running the plant
4	Use of non-coal/non-oil/other renewable energy source for captive power	5		Documentary proof like Detailed Feasibility Report (DFR), MOU with technology partner etc. to establish that non-coal/non-oil/renewable energy source is used for captive power generation
6	PESO Initial approval	5		Certified copy of initial approval issued by

				Petroleum & Explosives Safety Organization (PESO) for storage of ethanol.
7	Initial approval from State Government for setting up Dedicated Ethanol Plant	5		Copy of initial approval for setting up Dedicated Ethanol Plant issued by Competent State Government Authority
8	<p>Proximity of the proposed plant from OMC Depot deficit in ethanol supply with in the state</p> <p>a. Plant within 250 KM of OMC depot deficit in ethanol supply in the state</p> <p>b. Beyond 250 KM of OMC depot deficit in ethanol supply in the state</p> <p>Note : OMC Depot deficit in ethanol supply is defined as a depot which does not have adequate supply from plants within 250 Km radius. The state-wise list of such OMC depots deficit in ethanol supply with their lat-long is provided in Annexure II.</p>	20 Nil		Screen shot of google map showing motorable distance of proposed plant from the nearest OMC depot(s) deficit in ethanol supply with in the state. The state-wise list of such OMC depots deficit in ethanol supply with their lat-long is provided in Annexure II. The bidder must mention the lat-long of proposed plant and OMC plant.
9	<p>Commitment of early commissioning of plant.</p> <p>1. Within 1 year of due date of this EOI</p> <p>2. Within 2 years of due date of this EOI</p> <p>3. Beyond 2 years of due date of this EOI</p>	20 10 Nil		Affidavit to be submitted by the bidder as per Annexure D
	Maximum marks		70	
TOTAL	Maximum Total Marks		100
